

PVE is well under way

Survey

1028
respondents

- vocational teacher
- teacher of basic subject
- immediate supervisor
- the principal
- manager
- other position
- other

Main points

98%

of the respondents know about the new PVE structure with profile- and optional subjects.

45%

of teachers and managers collaborate in order to introduce the new system.

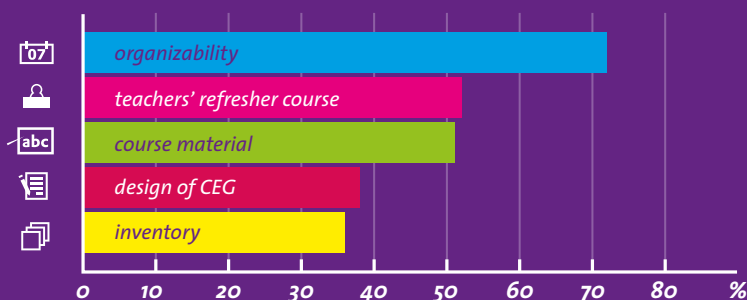

82%

of the respondents expect that their school will be able to start the vocational exam programmes on August 1, 2016.

78%

of the respondents have made a decision with regards to the profile subjects, of which 50% have already determined the optional subjects.

Points of attention

Renewal as opportunity: it is a challenge to develop the new PVE system together in order to make sure that the students are motivated and teachers and managers enjoy their work. It is THE opportunity to put PVE on the map in a positive way!

Action points

PROJECT SUPERVISION

- continue counsels and meetings
- encourage the development and sharing of course material and exams
- provide for the digital platform

SCHOOLS
